iFIT Symposium
Diversity, Inclusion & Family in Science
October 30th, 2024

The event will provide:

- How to deal with challenges faced by those whose scientific career took them far from their homeland
- What is it like to work & live abroad
- How to manage the delicate balance between a career in science & family
- How to deal with the cultural aspects of a new country and how this may (or may not) impact life and career

Round table sessions
Childcare provided
Programs for Diversity

For childcare support please contact the iFIT Office: ifitoffice@med.uni-tuebingen.de. Registration possible until September 16th, 2024

Officer for Equality, Diversity and Internationalization
University of Tuebingen

Dr. Arnaud Kengmo Tchoupa
Group Leader
University of Tuebingen
iFIT aims for equal opportunities and gender equality. To focus on these areas we created the iFIT Equal Opportunities Office - responsible for the organization of the iFIT Symposium Women in Science.

The office has an active role in the areas of female career, family friendly practices and promotion of diversity.

**WHO WE ARE**

Image-Guided and Functionally Instructed Tumor Therapies (iFIT) is part of the University of Tübingen and the University Hospital Tübingen. This provides an ideal environment to successfully develop our research on new tumor therapies.

**EQUAL OPPORTUNITIES OFFICE**

iFIT aims for equal opportunities and gender equality. To focus on these areas we created the iFIT Equal Opportunities Office - responsible for the organization of the **iFIT Symposium Women in Science**.

The office has an active role in the areas of female career, family friendly practices and promotion of diversity.
