

iFIT Symposium

Diversity, Inclusion & Family in Science

October 30th, 2024

Visualizing and Targeting Cancer Stress

The event will **provide**

- How to deal with challenges faced by those whose scientific career took them far from their homeland
- What is it like to work & live abroad
- How to manage the delicate balance between a career in science & family
- How to deal with the cultural aspects of a new country and how this may (or may not) impact life and career

Round table
sessions

Childcare
provided

Programs for
Diversity

For childcare support please contact the iFIT
Office: ifitoffice@med.uni-tuebingen.de.
Registration possible until September 16th, 2024

INVITED SPEAKERS

Prof. Dr. Alessandra Cambi
Professor of Cell Biology
Radboud University Medical Center

**Prof. Dr. Judith Feucht &
Jun. Prof. Dr. Josef Leibold**
Group Leaders
University Hospital Tuebingen

Dr. Dorothee Kaiser
Founder and coach
dk coaching

Dr. Deborah Kronenberg-Versteeg
Group leader
Hertie Institute for
Clinical Brain Research

Prof. Dr. Steffi Lehmann
Group Leader
Zurich University of Applied
Sciences

Daniela Neu
Officer for Equality, Diversity and
Internationalization
University of Tuebingen

Dr. Arnaud Kengmo Tchoupa
Group Leader
University of Tuebingen

PROGRAM

12:55 pm **Welcoming by Prof. Dr. Bettina Weigelin**

01:00 pm **Dr. Dorothee Kaiser**

Are we biased against ourselves? Unconscious biases, self-limiting beliefs, and female role models in science

01:20 pm **Prof. Dr. Alessandra Cambi**

Life of a PI: from super-resolution microscopy to grumpy teenagers

01:40 pm **Dr. Arnaud Kengmo Tchoupa**

Thirteen years in Europe: easy as one-two-three

02:00 pm **Jun. Prof. Dr. Josef Leibold & Prof. Dr. Judith Feucht**

How does working abroad and having a child impact the career of physician scientists – our personal perspective

02:20 pm **Daniela Neu**

Creating a level playing field: the faculty of medicine's commitment to equal opportunities & diversity

02:30 pm **Coffee break**

02:40 pm **Dr. Deborah Kronenberg-Versteeg**

Global science and local roots – a journey in science with a family

03:00pm **Prof. Dr. Steffi Lehmann**

Between playground and lab: the challenges and gains of combining a scientific career with a family

03:20 pm **Round Table sessions for Q&A**

04:40 pm **Thank you & Closing Remarks**

WHO WE ARE

Image-Guided and Functionally Instructed Tumor Therapies (iFIT) is part of the University of Tübingen and the University Hospital Tübingen. This provides an ideal environment to successfully develop our research on new tumor therapies.

REGISTER NOW >

Deadline: October 11

EQUAL OPPORTUNITIES OFFICE

iFIT aims for equal opportunities and gender equality. To focus on these areas we created the iFIT Equal Opportunities Office - responsible for the organization of the **iFIT Symposium Women in Science**.

The office has an active role in the areas of female career, family friendly practices and promotion of diversity.

Prof. Dr. Bettina Weigelin
iFIT Coordinator for Equal Opportunities & Early Career

LOCATION DETAILS

The **iFIT Symposium Diversity, Inclusion & Family in Science** will take place in the event location Freistil Tübingen, Wöhrdstraße 25, 72072 Tübingen.
